

DSC will review 2014 Long-term Operations Biological Opinions

The Delta Stewardship Council (DSC) will meet November 6-7 to conduct the 2014 Long-term Operations Biological Opinions Annual Science Review. The intent of the annual review is to inform the National Marine Fisheries Service and the U.S. Fish and Wildlife Service as to the efficacy of the prior years' water operations and regulatory actions prescribed by their respective Reasonable and Prudent Alternatives (RPAs). The goal is to develop lessons learned, incorporate new science, and make appropriate scientifically justified adjustments to the RPAs or their implementation to support real-time decision-making for the next water year. More information, including the soon-to-be-posted meeting agenda, is [here](#).

Reminder - Delta Flood Safety Fair is October 25

The Delta Protection Commission and Discover the Delta will sponsor a [Delta Flood Safety Fair](#) October 25 at the Delta Farmer's Market, intersection of Hwy 12 and Hwy 160, across the river from Rio Vista.

SRWP will conduct State of the Watershed Forum

The Sacramento River Watershed Program (SRWP) will conduct the [6th Annual State of the Sacramento River Watershed Forum](#) October 30 in Sacramento. This year's forum will focus on current watershed issues, including groundwater legislation, managing for droughts, and investing in watershed services. Members of the Public Policy Institute of California will serve as the opening panel.
