

**LAKE DON PEDRO COMMUNITY SERVICES DISTRICT
2015 IRWM Implementation Grant Proposal**

Surface Water Diverter Compliance

There are no Surface Water Diversers that will receive funding from the grant. LDPCSD receives surface water from Lake McClure via a water supply agreement with Merced Irrigation District (MID). MID is the surface water rights holder for Merced River water and Lake McClure storage that is conveyed to LDPCSD; therefore LDPCSD is not a surface water diverter that will be receiving funding from this grant proposal.
