

NOTICE TO STATE WATER PROJECT CONTRACTORS

NUMBER: 02-09

DATE: AUG 26 2002

SUBJECT: 2002 State Water Project
Allocation Increase

FROM:

DIRECTOR, DEPARTMENT OF WATER RESOURCES

The Department of Water Resources is increasing the allocation of 2002 State Water Project water for long-term contractors from 2.68 million acre-feet to 2.89 million acre-feet. This allocation is projected to meet 70 percent of most SWP contractors' 2002 Table A amounts. This increase is largely the result of the Department's ability to capture more water in the Sacramento-San Joaquin Delta than originally projected. The Department's new approval considered several factors, including existing storage in SWP conservation reservoirs, SWP operational constraints, and 2002 contractor's demands. A table reflecting the new 2002 SWP allocated water is attached.

To help contractors manage limited water supplies, a modified 2002 carryover program is available. The modified carryover program will allow contractors to carry over unused SWP water into 2003, provided their plans do not interfere with SWP project operations. The details of the program will be provided to contractors in a subsequent notice.

If you have any questions, please contact Dan Flory, Chief of DWR's State Water Project Analysis Office, at (916) 653-4313, or you may call Robert Cooke of his staff at (916) 653-5945.
