The entire 38,275 acre-feet of water, offered through Pools A and B of the 2005 Turn-back Water Pool Program, has been sold to State Water Project contractors. 13 contractors purchased all of the 12,040 acre-feet of water offered through Pool A, and eight contractors purchased all of the 26,235 acre-feet of water offered through Pool B. The attached table shows the offers and allocations of pool water.

All sellers and buyers have now entered into written agreements with the Department of Water Resources (DWR). Buyers are in the process of being invoiced for payment to DWR.
