

**APPLICATION EVALUATION FORM**  
2014 Water-Energy Grant Program  
FY 2014-2015

---

<b>APPLICANT</b>	De Anza Country Club	<b>GRANT AMOUNT REQUESTED</b>	\$2,500,000
<b>PROPOSAL TITLE</b>	Creating a Sustainable, Environmentally Friendly Desert Golf Course	<b>TOTAL PROPOSAL COST</b>	\$2,753,010

---

**PROPOSAL DESCRIPTION**

Project 1: Project will replace an aging irrigation system with a state-of-the-art system, using Rainbird IC technology, to precisely control the use of water to only those areas that require irrigation. Project 2: Project will replace a substantial part of the area now irrigated with suitable native desert plants and trees to reduce total water and electricity use while creating a beautiful, natural habitat for native flora and fauna.

**TECHNICAL REVIEW SUMMARY**

Ineligible applicant. Non-profit organizations must be a 501(c)(3).
