

APPLICATION EVALUATION FORM
2014 Water-Energy Grant Program
FY 2014-2015

APPLICANT	Los Angeles Department of Water and Power (LADWP)	GRANT AMOUNT REQUESTED	\$1,872,820
PROPOSAL TITLE	Home Energy Improvement Program	TOTAL PROPOSAL COST	\$37,938,150

PROPOSAL DESCRIPTION

The project would offer solutions to LADWP's residential customers to improve the efficiency of their homes, by providing free home energy and water assessments, diagnostics, and energy and water efficiency upgrades, targeting low- and moderate-income households.

PROPOSAL SCORE CRITERIA

	Energy Savings (kWh/\$Million)	Water Savings (MG/\$Million)	DAC	Agreement Component	Funding Priority
Rank	Medium	Low	No	Sufficient	-
Original Value	4,260,780	17.612			
Adjusted Value	3,379,077	-			

TECHNICAL REVIEW SUMMARY

Subject	Attachment	Application Review Comments
Calculation Review	Attachment 2	The applicant overestimated their hot water savings. In step 3, the applicant should have factored in a 50% hot water savings. The step is re-calculated. As a result, the energy value has been reduced. Furthermore, it is recognized the energy savings provided in Step 10 is not associated with saving water, but no additional adjustment was made.
Agreement Components	Attachments 3, 4, and 5	Concur with agreement components and attachments meet the agreement component requirements, as outlined in the PSP.
DAC Benefit/Status	Attachment 7	All necessary disadvantaged community (DAC) benefit and status requirements were not met, as outlined in the PSP. Applicant does not demonstrate that at least 75% of a project benefit is directly received by the designated DAC.
