8. Consideration of Action on Resolutions of Necessity for the Yolo Bypass Salmonid Habitat Restoration and Fish Passage Project (Big Notch Project) (Action Items) – Batch C, Step 2

On July 13, 2022, the Department of Water Resources (DWR) notified the Commission of its intent to seek Resolutions of Necessity (RONs) for the Big Notch Project in furtherance of a potential eminent domain action against the properties listed below. DWR cannot commence an eminent domain proceeding unless the Commission first adopts a RON (Code of Civil Procedure §§1245.210, 1245.220). At the Commission's September 21, 2022 meeting, DWR presented a report on each property, required by the Commission's Procedures for Resolutions of Necessity and Eminent Domain, (adopted August 17, 2011, revised February 20, 2013) containing information required by Code of Civil Procedure §§1245.230, 1240.510, and 1240.610. At this meeting, the Commission will consider additional information, if any, and determine if there is enough evidence to satisfy Code of Civil Procedure §§1245.230, 1240.510, and 1240.610. The Commission may choose to take action at this meeting. To adopt a RON requires a two-thirds vote of all members, which is a minimum of six votes in favor of the RON regardless of the number of Commission members present.
