Some people who received this message don't often get email from [dbartel@rrbwsd.com](mailto:dbartel@rrbwsd.com). [Learn why this is important](#)

Honored Commissioners,

I would like to thank you all for your efforts and hard work evaluating the Kern Fan WISP project and would like to express our appreciation for the funding adjustment. I thought I would share videos of our progress that would help you visualize what we are up to. I also wanted to update you that we have now executed the reimbursement agreement with KCWA and have our kickoff meeting scheduled for 9/2. It's an impressive team and am confident they will deliver.

Our door is always open and would love to take you on a tour of what we are working on and meet some of the talented team members. Getting out in the field is the best way to get the scope of such things. I am big on transparency with our public and yesterday's meeting daylighted the need to be even more so based on our state's generous investment in local projects. As always, I am always available for any questions or concerns.

*Colossians 3:23-24 Whatever you do, work at it with all your heart, as working for the Lord, not for human masters, since you know that you will receive an inheritance from the Lord as a reward. It is the Lord Christ you are serving.*
