

# 2021 Virtual Flood-MAR Public Forum

## November 8<sup>th</sup> – 10<sup>th</sup>

# SAVE THE DATE

Please join us on November 8-10, 2021 for the third **Flood-MAR Virtual Public Forum** to explore technical, socioeconomic, regulatory, and policy considerations to advance implementation of projects that use floodwaters for managed aquifer recharge (Flood-MAR).

This year's topics include:

- Building partnerships and opportunities for collaboration
- Increasing cooperation and alignment
- Providing flexibility for water managers
- Sharing examples of pilot project and research studies
- Identifying sources of technical support and funding

The public forum will include live and on-demand presentations, breakout discussions, happy hours, and a virtual exhibit hall. Submit content for the Virtual Exhibit Hall [here](#).

For more information regarding the virtual event and to register please visit: [2021 Flood-MAR Virtual Public Forum](#).

## Listening Session for Tribes

### November 8<sup>th</sup> 8:30 am - 9:45 am

We encourage all California Tribal governments to attend a listening session ahead of the public forum to learn about Flood-MAR, ask questions, and engage with Flood-MAR Network members. Please RSVP to
