Subject: Amended Proposed Project for the Delta Conveyance Project: Department of the Army Permit Application SPK-2019-00899

To follow-up on the November 22, 2021, initial notification of the change in the proposed project to the Bethany Alternative, DWR is amending its Section 404 permit application to reflect this change. Updated information describing the Bethany Alternative is provided in the updated continuation sheet for the Delta Conveyance Project. Please note that identification of the Bethany Reservoir alignment as the proposed project for the Draft EIR does not indicate that DWR has in anyway approved the Delta Conveyance Project nor that, if DWR does determine to approve a project, that the Bethany Reservoir alignment will ultimately be the project that DWR approves.

The following documents are provided in the attached package:

- Continuation Sheet for ENG FORM 4345 (Additional Information to Support Application SPK-2019-00899)
- Attachment 1: Mapbook of Impacts
- Attachment 2: Proposed Delta Conveyance Project Overview Map
- Attachment 3: Environmental Commitments
- Attachment 4: Updated Adjacent Landowner Mailing List
- Attachment 5: ORM Impacts Spreadsheet

If you have any questions, please contact Kristina Reese at 916-902-9986 or [Kristina.Reese@water.ca.gov](mailto:Kristina.Reese@water.ca.gov).

Sincerely,

A handwritten signature in blue ink that reads "Kristina Reese".

Kristina Reese  
Permit Manager
