

Webinar: Technical Assistance and Grant Opportunities for Flood Risk Reduction Benefitting Underrepresented Communities in California

Tuesday, August 3, 2021

8:30 AM to 12:00 PM

As part of the California Department of Water Resources' commitment to supporting underrepresented communities, the Division of Flood Management (DFM) is partnering with the Division of Regional Assistance on a workshop focused on sharing information about DFM's technical assistance and grant programs.

Intended Audience:

- Underrepresented Communities
- Integrated Regional Water Management (IRWM) Disadvantaged Community & Tribal Involvement (DACTI) Program participants
- Tribes
- Community Planners
- Emergency Response Managers
