Subject: Napa County Response to DWR
Date: Friday, September 27, 2019 10:28:00 AM

Patrick,

Per our conversation on September 25, 2019, the Department of Water Resources will not anticipate a response from the County of Napa by Monday, September 30th regarding the County's Alternative submittal. The new deadline for your final response will be determined upon a meeting between the County's representatives and the Department leadership set for Thursday, October 3rd.

Please let me know if you have any questions.

Thank you,
Taryn
