

2026 Introductory Meeting of the Drought Resilience Interagency & Partners (DRIP) Collaborative – January 20, 2026

Join the Department of Water Resources for the Drought Resilience Interagency & Partners (DRIP) Collaborative Informational meeting.

Meeting Time: 1:00PM – 2:00PM, Optional Q&A Session 2:00PM – 2:30PM

Meeting Location

Virtual via Zoom, see Remote Participation for more details.

Remote Participation

Remote participation will be conducted via a Zoom platform. Register [here](#). This meeting will be recorded and available after the meeting at www.water.ca.gov/drip.

Background

The Department of Water Resources (DWR) established a standing drought and water shortage interagency task force in coordination with the State Water Board and other relevant state agencies to facilitate proactive state planning and coordination for pre-drought planning, emergency response, and post-drought management, consistent with [Senate Bill 552](#) (Chaptered in 2021). The Task Force, called the Drought Resilience Interagency and Partners Collaborative (DRIP Collaborative), serves as a public forum with state and non-state agency members to advance drought strategies and continue building resilience to the increasingly arid conditions California faces. For more information visit <https://water.ca.gov/drip>.

Meeting Objectives

Objective #1: Introduce the 2026 engagement process for DRIP Collaborative, focusing on the previous 2024 recommendations related to Roles and Responsibilities (R&R) and Drought Indicators & Metrics (DI&M)

Objective #2: Discuss follow-up on 2025 ideas and other idea development

Objective #3: Solicit participation in the upcoming February/March workshops ahead of the DRIP Collaborative meeting in April.
