

**DRIP Collaborative**  
**Land Use Planning for Drought Resilience Workgroup Meeting #2**

Monday, June 9, 2025 at 12:30-2:00PM

Zoom: <https://ca-water-gov.zoom.us/meeting/register/X5J4gndYRd6UNjP3DI0QIA>

**Objective:** Advance recommendation ideas proposed at the May 16<sup>th</sup> 2025 DRIP Collaborative meeting related to integrating water and land use plans and related to housing and water supply nexus. Learn from subject matter experts to advance these ideas to present at the Summer (July) 2025 DRIP Collaborative meeting.

## **Meeting Agenda**

**12:30pm Welcome, Roll Call**

**12:35pm Refresher & Proposed Pathways**

Based on the DRIP Collaborative discussion and members' interest in leading the development of recommendations, the membership agreed the following three ideas would be further developed and presented at the July meeting. This time will be used to briefly review these ideas, postpone the discussion on Multi-Benefit Land Repurposing Program for another time, and propose an alternate pathway for the #3 recommendation idea listed below.

1. Extend support for Multi-Benefit Land Repurposing Program (MLRP)
2. Housing-Water Supply Nexus: Planning for housing needs and water supply
3. Integrated Water Planning: Assess how plans interact and offer recommendations (i.e., Groundwater Sustainability Plans, Urban Water Management Plans, Drought Plans, General Plans)

**12:50pm Housing-Water Supply Nexus**

This time will be used to review DRIP Collaborative discussion highlights and hear from subject matter experts (SMEs) to inform the development of the proposed recommendation idea.

**1:30pm Group Discussion**

As time allows, members will discuss the recommendation idea based on the SME input and begin to address the added value of the recommendation with the template including: general description, alignment with other initiatives, implementation considerations, and incorporation of cross cutting themes.

**1:55pm Public Comment**

**2:00pm Adjourn**
