

Bat Talks and Walks at the Yolo Bypass Wildlife Area

Learn about one of the Delta's amazing migratory species. One of the largest colonies of Mexican free-tailed bats takes up residence under the Yolo Causeway during the summer. Learn about these beneficial creatures in a 45 minutes presentation at the [Yolo Basin Foundation's headquarters](#), then carpool to watch them in action as they stream out just after sunset. These talks and walks will be held from now through September 11, days and times will vary. Spots are currently available for July–September. Hurry and sign up, spots fill up quick! Adults \$14, children 16 and under are free. Visit the [Yolo Basin Foundation](#) for more information and to register.

On Science and Management in the Delta: A Conversation with Water Expert Jay Lund

California water expert and Delta Independent Science Board member Jay Lund recently shared his thoughts with Delta Stewardship Council Chair Susan Tatayon about improving interagency collaboration in the Delta, potential applications for new monitoring technologies, forecast science, and more. Read highlights from their conversation in [Susan Tatayon's Chair's blog](#).
