Thermalito Diversion Pool Reopening

The **Thermalito Diversion Pool** and trails along its northern shore will be open to the public starting May 3 from 8 a.m. to sunset. Access to the area will be located off Cherokee Road. This portion of the park may be temporarily closed again for construction operations, but there are currently no scheduled closures.

Approximately 2 miles of Brad Freeman Trail along the Diversion Pool will be open for fishing, hiking, and biking. Non-motorized boats (electric motors allowed) and non-trailer boats are welcome to launch in the Diversion Pool.
