* Recommended Awards are conditional based upon confirmation of eligibility. See notes below for outstanding eligibility issues. If requested documentation is not submitted within 30 calendar days of the date the draft funding list is posted to the public, project may be deemed ineligible and funding award may be adjusted, or final awards may be made on a conditional basis pending submittal of such documentation prior to agreement execution at DWR's discretion. See PSP for details regarding required documentation.

Recommended Funding List – Round 1 Integrated Regional Water Management (IRWM) Implementation Grant Solicitation

Notes:

- A— Project directly affects groundwater levels and/or quality. Submit applicable documentation regarding Groundwater Management Compliance and California Statewide Groundwater Elevation Monitoring Program (CASGEM) compliance.
- B— Project may directly affect groundwater levels and/or quality. Submit additional justification regarding why project does not directly affect groundwater levels and/or quality or submit applicable documentation regarding Groundwater Management Compliance and CASGEM compliance.
- C— Project is a stormwater and/or dry weather runoff capture project. Submit applicable documentation regarding Stormwater Management Plan Compliance.
- D— Project may be a stormwater and/or dry weather runoff capture project. Submit additional justification regarding why project is not a stormwater and/or dry weather runoff project or submit applicable documentation regarding Stormwater Management Plan Compliance.
- E— Project sponsor is a Mutual Water Company or Public Utility. Provide justification that the project has a clear and definite public purpose that benefits the customers of the water system or other public utility and not the investors.
- F— Project requested DAC Funding however, DAC benefits were not fully justified. Therefore, project is not recommended for funding.
- G— Project requested cost share waiver, however, DAC benefits were not fully justified. Submit additional documentation clearly stating the percentage of the project benefits provided directly to a DAC and/or provide evidence of additional cost share.
- H— Proposal did not include sufficient justification to support that at least one project addresses AB 1249 contaminants. Provide justification of why a project that addresses AB 1249 contaminants was not included in the application.
- I—Attachment 10, Climate Change was not provided. This attachment must be provided prior to agreement execution.
- Low Score – This individual project did not meet the low score threshold determined for the Funding Area. Project is not eligible for funding. This project was not included in the calculation of the Application Score.
