2016 Projects Solicitation Package for Multi-Benefit Projects

The 2016 Projects Solicitation Package for Multi-Benefit Projects (PSP) was released on February 19, 2016, under the Delta Levees Special Flood Control Projects 2014 Guidelines for Providing Funding to Local Public Agencies. The Department received 23 Concept Proposals in response to the PSP. Based on our review and evaluation, 21 of the Concept Proposals were determined to be eligible. Full Applications were solicited from all eligible applicants, with 19 being submitted.

The review and evaluation process for the Full Applications was time consuming and challenging, and final selections have been made and approved by the Department’s acting Director. We are pleased to announce that the following projects have been selected for funding:

<table>
<thead>
<tr>
<th>District</th>
<th>Project Title</th>
<th>State Cost Share (%)</th>
<th>State Cost Share ($)</th>
</tr>
</thead>
<tbody>
<tr>
