

## NOTICE TO STATE WATER PROJECT CONTRACTORS

**Number:** 12-05

**Date:** February 21, 2012

**Subject:** 2012 Table A Allocation Decrease

**From:** Carl A. Torgersen  
Deputy Director, DEPARTMENT OF WATER RESOURCES

The Department of Water Resources (DWR) is adjusting its projection for meeting the State Water Project (SWP) contractors' 2012 Table A requests.

DWR is reducing its projected delivery capability from 2,503,354 acre-feet to 2,086,130 acre-feet. This reduction equates to a drop in allocations from 60 percent to 50 percent for long-term SWP contractors. Enclosed is the revised 2012 SWP Allocation Table.

This decrease is primarily due to the well below average statewide snowpack and precipitation. DWR will continue to monitor the situation and may revise the allocations if warranted by the year's developing hydrologic and water supply conditions.

Based on this updated allocation, DWR will use the 60 percent delivery schedules submitted by the contractors earlier this year in developing new schedules, unless revised schedules are submitted. DWR will send an approved monthly water delivery schedule to each long-term contractor in February.

If you have any questions or need additional information, please contact Robert Cooke, Chief of DWR's State Water Project Analysis Office, at (916) 653-4313.

Enclosures

2012 STATE WATER PROJECT ALLOCATION  
(ACRE-FEET)
